

HELP SAVE WHITE'S WOODS

White Township Supervisors are sending you a questionnaire (at considerable taxpayers expense) about timbering in White's Woods. They want you to support their plan to timber White's Woods to pay for a Getty Heights Park expansion. **TELL THEM NO!**

THEIR PROPOSAL SHOULD BE REJECTED BECAUSE:

- The proposed cutting will RUIN the character of the Woods for decades, thus affecting you and your children.
- Cutting the trees will COST taxpayers money. The Commissioners have already spent \$16,000 on landscaping planning. Costs to "improve" Getty park and White's Woods will skyrocket due to construction and increased maintenance. Currently White's Woods costs nothing to maintain.
- White's Woods is a UNIQUE park (called a rare resource by planners). To destroy it is senseless. Timbering will only lead to more "development" of the hills surrounding White's Woods.

PLEASE RETURN THE QUESTIONNAIRE AND ANSWER IT WITH A STRONG NO TO TIMBERING.
