Annual Friends of White's Woods Membership Meeting

October 14, 2025, 6:30 p.m.,
Zion Lutheran Church - social hall
100 South 6th Street (on the corner of Church Street)
Indiana, PA

Dear Friends of White's Woods Member:

Over the 5½ years since we first discovered trees marked for timbering, we've made enormous progress. The trees are still standing and a strong stewardship plan is under review by DCNR.

Your support has made all the difference! Most important, our precious, taxpayer-funded natural area still exists - and will exist to grow bigger and older if we keep working to protect it.

Learn about our latest news:

- *The status of the stewardship plan*
- *The removal of tons of invasive barberry & plans to tackle the rest*
- *Recent and future Education programs for our community*
- *Updated research about natural area management*
- *The search for endangered species in the woods*
- *New regional environmental questions: Homer City Natural/Fracked Gas Plant & Data Center*

Renew your annual membership at the meeting or [at the FWW website](https://www.friendsofwhiteswoods.org) , and as a thank you gift, receive our new t-shirt, the "benefits of a forest" design! And enter drawings for additional gifts at the meeting!

Celebrate our incredible progress with a piece of cake!

Your presence at this meeting -- and ability to share accurate information with your friends and neighbors -- will empower and support all of us who care about protecting our natural area. *Please join us at our October 14, 2025, member gathering.*

*Sincerely,
FWW Board of Directors*
