'A Brief Tour of Some of Pennsylvania's Big Trees and How to Measure Them'

Pennsylvania has some very big and tall trees. Some are out in the open, while others are hidden deep in sheltered forests. What are some of the largest and tallest trees found in the state? How do some of the big trees in White's Woods stand up to other known giants? How do we go about measuring them? Please join us on this Zoom webinar for a brief tour of just some of the biggest trees known in our Commonwealth.

This webinar is sponsored by the
Friends of White's Woods
from noon-1:00 p.m., Thursday, November 7, 2024
A question-and-answer period will follow the presentation.
